## Looking to the future

The breakdown of a relationship can present a maze of confusing options at a time when you may feel ill-equipped to make important decisions. We will identify the best possible outcome for you before implementing an agreed strategy to achieve it.

## Sorting it out

Our approach is collaborative, seeking to bring about early agreement. However, if such is not possible we would recommend final and decisive action through the courts to conclude matters and allow you to move on.

## Expertise

Our dedicated team of over 20 family lawyers and support staff has a wealth of practical experience and expertise in all areas of family law including:

- Divorce
- Finance
- Children
- Cohabitation
- Domestic Violence
- Pre-nuptial Agreements
- Living Together Agreements
- Civil Partnerships
- Inheritance Act

## Confidence and support

We are committed to addressing and resolving family law issues in a sensitive, constructive and cost-effective way. Our firm but fair approach delivers the very best advice, enabling you to take considered and informed decisions with confidence.

## Fees

We will discuss whether you may qualify for public funding (legal aid) at the outset, and if not eligible will provide full details in writing of the anticipated costs of your case. You will also receive regular costs updates letting you know precisely where you are at all times.
